— the way — this a-ma - - - - - zing grat-i - tude.

Look at all the work we've done Everybody showin' up Look at how far we've come ...
Everybody buildin' the path of Love... An' now we gotta keep walkin' it.

So somebody has an idea And then they go talkin' it We show up to make it real...
And then we go buildin' the path of Love An' now we gotta keep walkin' it

chorus

Who knows where to go Just keep on the winding path Which road, d' you suppose is the path of Love
Just keep on walking, writing loving and fighting Keep on Working, laughing, living and dying

The heart of the thing that I'm trying to say Is the beating pulse of everyday
It's the song I sing and the prayer I pray. It'll lead my path all along the way
This amazing gratitude.

Somebody might fall down And then we go pick 'em up. We're holdin' the lost and the found...
Everybody building the path of Love An now we gotta keep walkin' it.

The road might just get long, but we keep on walkin' on. The hold of a hand is strong...
Everybody buildin' the path of Love And now we gotta keep walkin' it.
